SATURDAY MORNING, SEPT. 10, 1864.

NATIONAL UNION NOMINATIONS.

For President,
ABRAHAM LINCOLN,
Of Illinois.

For Vice-President,
ANDREW JOHNSON,
Of Tennessee.

For Presidential Electors,
GEORGE L. WOODS, of Wasco County,
[illegible] N. GEORGE, of Linn County.
J. F. GAZLEY, of Douglas County.

A CHANCE FOR OUR PRODUCERS.—By the letter from Capt. Brooks of the bark *Cambridge*, published yesterday, it will be perceived that there is a prospect of reciprocal trade between Portland and the Sandwich Islands, and our producers will thus be afforded an opportunity of exchanging their commodities advantageously for foreign produce and indispensable articles of family consumption. Our fishermen can find a ready and good market for their cured salmon, receiving in return salt, etc., while our shingle-makers, grain growers, lumbermen and others who produce can profitably dispose in that market of whatever they may send out in support of the foreign trade enterprise. Although our people may not to-day realize the importance of encouraging a regular line of packets between Oregon and the Sandwich Islands, the time is not distant when they cannot well do without it, and they will then be grateful to those who urged upon them its encouragement when that encouragement was most needed.

THE STATE FAIRS.—We understand that the several Committees to whom is entrusted the charge of preparation for the forthcoming Fairs at Salem, are actively employed, and we hope they will have the hearty cooperation of each and every individual—without regard to age or sex—who has the interests of Oregon at heart, and who is able to contribute, no matter however small a mite to the general stock of interesting, instructive, or valuable matter. There are few but can in some way help the noble enterprise along, and a multitude of small helps even will swell the aggregate to a magnitude which shall redound to the credit of the State and the pleasure of all contributors and visitors. The proceeds of that donated to the Sanitary movement will gladden the heart and strengthen the arm of many a now suffering soldier. Give and go.

AN ASPIRANT WHO SHOULD BE HONORED.—Among the aspirants for the honor of going to the U. S. Senate, is one of the signers of the Declaration of Independence of the United States of America. To be sure, he did not sign the document until within the last year, when he purchased a copy and signed his name as an evidence of proprietorship; but that is enough: according to Salem proprieties, it is no matter at what subsequent period a man may acquiesce in a popular measure, he is all right if waked up after Kirby is dead, and we demand that the Salem *Statesman* now leave its candidate of less pretensions, and support the owner of a copy of "the original declaration." Mr. McBride's recorded opposition to a "dead dog" is no where to that man's claim to an election.

FARMING IN IDAHO.—The *Golden Age* claims that with proper care much of the land in Idaho would yield good crops. Last year the Indians raised upwards of 20,000 pounds of wheat in their little rudely cultivated valley patches, entirely from squaw labor. The editor has seen potatoes raised in that section at a yield of not less than 500 bushels per acre, and wheat, oats and barley thirty bushels. He looks forward to the time, with the soil properly cultivated, when the vineyard, orchard and fields of waving golden grain, will attest the richness of the treasury Dame Nature is ready to pour into the lap of industry.

HOW THE BATTLE GOES.—We hear glowing accounts of the campaign inaugurated in this State by Hon. Geo. L. Woods, and we congratulate the Union party upon the selection of a standard-bearer so eminently qualified to spike the guns of the enemy by sound reasoning, and adaptation of eloquence to this important mission. He has already increased the number of those who train under the Union banner, and we have no doubt before election day hundreds of still misguided men will owe their political salvation to his untiring efforts. Success to him. Mr. Woods will address the citizens of Salem this evening. Give him a good house.

NATIONAL THANKSGIVING.—The President of the United States recommends to-morrow, Sunday, Sept. 11th, as a day of National Thanksgiving to Almighty God for the great and permanent successes, which, under His Providence, our National Arms have achieved. It is meet that we as a Nation should thus publicly acknowledge the mercies of our Nation's God, and we hope there will be a general and appropriate observance of the occasion both in the places where our people are wont to assemble for public worship and at the family fireside. "If God is with us who shall be against us?"

THE OVERLAND MAILS.—Considerable anxiety has been felt by correspondents for the safety of the mails through to the Atlantic States by reason of the Indian troubles. We learn from the *American Flag* that all the mails dispatched prior to Aug. 13th have gone through safely. Those dispatched subsequently have been returned, and not one has been lost or disturbed since the 14th of July, 28th.

Marion Moore, Esq., says the Idaho *Statesman* of August 30, brought over from Owyhee yesterday a brick from the Morning Star Lode weighing 124½ ounces, taken from 600 pounds of rock.

A jury in San Francisco has awarded one Ah Mo Hesler $30,000 damages against C. M. Webber, for the shooting of plaintiff by defendant at Stockton, last year.

Hon. John Conness delivered the usual opening address for the great Industrial Exhibition of the Pacific coast at San Francisco on the 2d inst.

SPECIAL DISPATCHES TO THE DAILY OREGONIAN.

LATER FROM THE EAST.

Dates to September 8.

BURLINGTON, Vt., Sept. 7.—The returns of the State election come in very slowly, but indicate large Union gains. Smith's majority will be nearly 20,000.

SYRACUSE, N. Y., Sept. 7.—A dispatch has been received here from Gen. Dix, positively declining to be a candidate for Governor.

LANCASTER, Pa., Sept. 7.—At a meeting of the Union State Convention to-day, Thad. Stevens was renominated to Congress by acclamation.

NEW YORK, Sept. 7.—The *Herald's* Washington special says: The President, in a recent conversation with Republicans, said that an armistice once arranged or granted from a Northern standpoint to the rebels would result otherwise than in a final acknowledgment of the independence of the rebels, as the independence of Texas was eventually acknowledged by Mexico. An armistice granted the rebels would be an indirect concession on the part of the North to acknowledge their independence.

BALTIMORE, Sept. 6.—The constitutional convention adjourned to-day. The new constitution will be submitted on the 12th of October.

Washington, Sept. 7.—This department is still without dispatches from the region south of Nashville. It is supposed to be Sherman's design to withdraw his advanced column to Atlanta, to rest at Atlanta, and to establish himself securely there and restore the railroad communication broken by Wheeler and Forrest, before making further advance. No operations by Grant or Sheridan have been reported to-day.

The Provost Marshal General's office is busily engaged in arranging the credits of the several districts. He has ordered a draft without delay for deficiencies in those districts which have not filled their quotas, beginning with those most in arrears. Credits for volunteers will be allowed as long as possible; but the advantage of filling up our armies immediately will require a draft to be speedily made in the defaulting districts. All applications for its postponement have been refused.

(Signed) STANTON.

ST. LOUIS, Sept. 7.—The Democratic State Convention met here to-day and nominated Thomas L. Price for Governor.

WILMINGTON, Del., Sept. 6.—At the municipal election to-day, the Union men carried the city by 400 majority.

NEW YORK, Sept. 8.—The Committee appointed by the Chicago Convention to notify McClellan of his nomination, met this morning at the St. Nicholas Hotel. Nearly all the committee were present. At 1 o'clock they proceeded to the mansion of McClellan, where they were received by the General and Colonel Lansing. After the ceremony of the introduction and a brief interview, the Committee presented Gen. McClellan with a copy of the proceedings of the Convention and a letter advising him of his nomination. His letter in response will probably be formally presented to the Committee this evening. Besides the committee, a large number of prominent gentlemen visited McClellan to-day, among them being August Belmont, Peter Cagger and Dean Richmond.

CINCINNATI, Sept. 8.—The Democratic Convention nominated Geo. E. Pugh for Congress in the 1st district and Henry C. Lord, 2d district.

LOUISVILLE, Sept. 6.—3,000 rebel cavalry under Williams and Robertson, with 8 pieces of artillery, were attacked by Milroy near Murfreesboro on the morning of the 3d. There was brisk fighting all day.

On the 4th the rebels retreated towards Triune, followed by Milroy, who made several attacks during the day. The Union loss was 10 killed and wounded. The rebel loss is thought to be larger. Milroy, having exhausted his ammunition, joined Rousseau's force near Franklin. Wheeler's main force was six miles southwest of Columbia on the 4th. Williams' detachment is reported to have joined him. Rousseau was closely following. The damage to the railroad was very slight; no trestles or bridges were destroyed.

Later dispatches from Milroy report 11 rebels captured and 29 killed and wounded.

The Nashville *Times* says: A dispatch received this morning reports Rousseau pursuing Wheeler south of Duck river. In a charge upon the rebels, who dismounted to fight, we captured 500 horses.

Official dispatches received at Nashville announce that in the late fight before Atlanta the rebels lost 3,000 killed and wounded, and 2,000 prisoners, including a Brigadier General, also, ten guns and a large amount of camp equipage. Our loss is trifling. The rebels retreated in great haste.

Official information from the front, dated Sept. 4th, 17 miles below Atlanta, represents Sherman as pushing rapidly southward.

SYRACUSE, N. Y., Sept. 7.—The Union State Convention to nominate State officers, assembled this morning. The attendance was quite large. The only contested delegation was from New York city.

LOUISVILLE, Sept. 5.—Gen. Ewing, commanding the district of West Kentucky, has issued order 29th requiring the Judge of Quarterly Court in each county to call juries composed of citizens and direct them to levy upon the tax payers a sufficient sum to arm, mount and pay fifty men, to be raised within each county, and maintain them until further orders. Gov. Bramlette yesterday issued a proclamation denying that Ewing had any civil or military authority for so ordering, and declaring the order to be in negation to the laws of Kentucky and in conflict with the rights and liberties of the people. He therefore forbids the juries making such levy, and calls upon all officers who favor Ewing's order to resign.

NEW YORK, Sept. 7.—The *Scotia* from Liverpool on the 27th and Queenstown on the 28th has arrived.

The London *Daily News* and *Morning Post* have editorials showing that the seizure of the *Georgia* was legal and that the British Government cannot interfere. As a Confederate war vessel she could not legally be sold in a British port.

The Liverpool *Courier* editorially states that Bates did not purchase the *Georgia* till the Custom official authorized him and informed him she could be registered as a British vessel. She was accordingly registered. It also publishes the evidence of her charter for services by the Portugal government was *bona fide*.

The *Army and Navy Gazette* admits the Federal successes at Mobile and as regards peace, declares its belief that the existence of the peace party is mythical.

The *Times* editorially questions whether the Republicans are any more inclined to a recognition and reconciliation than they were a year ago.

The weekly returns of the Bank of France, shows an increase of four and one third millions of francs.

Arrests continue in the Tyrol, owing to an alleged conspiracy to detach the Italian Tyrol from Austria.

Senor Fasio, representative of the Emperor of Mexico, had arrived in Spain as bearer of dispatches announcing to the Queen the accession of Emperor Maximilian, to the Mexican throne.

BURLINGTON, Vt., Sept. 7.—Smith's majority will be nearly 22,000 which is a gain of 6,000 since last year. Woodbridge, Baxter and Morrill are re-elected to Congress by overwhelming majorities. The Senate is unanimously Union. The House will not contain over 20 Democrats.

SYRACUSE, N. Y., Sept. 7.—Reuben E. Fenton, has been nominated for Governor by the Union Convention, receiving 247½ votes to 61 for Lyman Tremaine and 34½ for Dix.

CHARLOTTETOWN, Prince Edward's Island, Sept. 7.—The conference of delegates from several provinces to consider the expediency of uniting under one Government and one Legislature certain portions or the whole of British North America has continued its sitting here since the first of September. Proceedings are kept entirely secret. It is rumored that after a careful consideration of the whole question, the conference unanimously concluded that the advantages to result from a confederation of all the colonies would be very great, provided terms could be made satisfactory. Maritime delegates, it is said, are to resume consideration of details of the scheme at Halifax, unless some formidable obstacle arises. A duly authorized conference of several provinces will shortly be held at Quebec to discuss points at variance, and, if possible, mature a proposition for submission to Parliament. The conference is said to have adjourned till the [illegible] inst., at Halifax.

NEW YORK, Sept. 8.—The New London (Conn.) correspondent of the Commercial Advertiser has the following:

The greatest excitement has prevailed among the steamboat officers on the lines from Boston to New York, in consequence of the detection of a plot to destroy all the steamboats running on the Sound.

It is said the *Electric Spark* was recently captured by the *Tallahassee*, and now her consort is hovering about our coast and was to be used. It is also asserted as a fact that the *Tallahassee* about three weeks ago went into Newport harbor and steamed around the *Constitution*, then lying there, and steamed out again unchallenged. Fourteen gunboats have been sent to the Sound to look after this affair.

The *Commercial's* special dispatch says information has been received from Grant's army, stating that the rebels in front of Warren on the Weldon Railroad have been strongly reinforced, and a battle seems inevitable. Their troops have been moved with all possible secrecy. Our Generals are fully [illegible]

The *Times'* special, dated Charlestown, Va., Sept. 7th, says: The enemy show no disposition to offer [illegible] on the [illegible] Gen. [illegible] division, 19th corps, advanced on the Winchester and Berryville pike, when the enemy fell back almost without firing a shot. The 1st New York Dragoons, Major Smith, [illegible] on the same day went on a reconnoissance and met with no serious opposition. [illegible] a point on the Winchester Pike where Early's head quarters had been three hours before. Early's movements are enveloped somewhat in mystery.

WASHINGTON, Sept. 7.—A letter dated Teneriffe, August [illegible], says: The *Florida* arrived here yesterday at [illegible] to take on coal and what [illegible] Sailed at noon, going south. [illegible] stay she received none of the [illegible] vessels of war visiting that port. [illegible] *Metacomet* and the [illegible] of the *Hartford*.

Admiral Buchanan is doing well but will lose his leg.

CAIRO, Sept. 7.—A considerable rebel force under Gen. Polignac, is reported to have crossed the Mississippi from Arkansas to Rodney, Miss., on the 22d.

The steamers *White Cloud* and *Henry Chouteau* were fired into on the 29th by the rebel battery above Bayou Sara. A number of shots took effect in the cabin and hull of the *White Cloud*. No one was injured.

NASHVILLE, Sept. 8.—The latest intelligence from Rousseau is that he is driving Wheeler who is trying to get across the Tennessee river. He has captured many prisoners.

The railroad from Chattanooga to Nashville will be running to-morrow.

The Union State Convention here has adjourned *sine die*. They passed a resolution favoring the call of a State Convention immediately for the abolition of slavery.

[illegible] Army Potomac, Sept. [illegible].—Rumors have been prevalent for two days past that Early's forces have arrived in our front and were massing on our left flank necessitating another struggle for possession of Weldon Railroad. Preparations were made to receive them. Thus far no enemy, excepting a few guerrillas, have appeared in that direction.

CAIRO, Sept. 8.—Reports reached Memphis on the 4th that the gunboats *Hastings* and *Naumkeag* were captured below Clarendon on White river. Capt. Rodgers of the latter killed.

It is also reported that another boat, name not given, was sunk at St. Charles, and that Duvall's Bluff was threatened by a considerable force of rebels.

The reports are confirmed through rebel sources and also from Helena.

A cavalry force under Gen. Mower left Memphis a few days since for White river.

An infantry force is understood to be embarking for Duvall's Bluff.

The Little Rock *Democrat* contains the particulars of the recent raid on Duvall's Bluff and the Little Rock railroad. A large quantity of Government hay was burned and other property destroyed. Some damage done to the railroad.

A fight recently occurred at Redwood, Louisiana, 17 miles from Baton Rouge, in which 18 of the [illegible] cavalry were killed.

Gen. A. J. Smith and staff arrived here yesterday.

THE CHICAGO NOMINATION.—The Marysville *Express* gags a little at the Chicago pill, but having applied the sugar of the platform, gulps it down. The following is a truthful statement of Little Mac's position, and puts him just where it is the interest of the Union organization to have him placed:

Assuming that McClellan is an honorable and true man, and that if elected he will carry out the pledges made at Chicago, we sacrifice no principle in supporting him. He is pledged to an armistice—an immediate cessation of hostilities—a Convention of the States for such amendments to the Constitution as will, if possible, secure a restoration of the Union; to the maintenance of State rights, which latter carries with it the whole sum and substance of the democratic doctrines, applicable to the present crisis. The *Express* will continue to battle for these principles, and its repugnance is somewhat softened down by the reflection that Peace Democracy has found so distinguished a convert.

THE LAST DRILL BEFORE VACATION.—The male scholars at Rincon Schools had a grand dress parade yesterday afternoon; a sort of farewell drill previous to a furlough or vacation of two weeks. The boys have organized themselves into a regular regiment, the officers of each company being chosen from its members, the whole regiment being under the command of Mr. [illegible] we should perhaps say—Col. Pelton with C. M. Robinson as Adjutant or Regimental Drill Master. The boys are well up in their drill, and execute company and battalion movements with precision. The instruction of military tactics in schools, besides teaching military science, has the effect to make the scholars more prompt in obeying the orders of their teachers.

The foregoing, from the S. F. *Bulletin* of Sept. 2d, contains a suggestion which could be made useful in connection with our Public schools. There are many pupils in Portland and throughout Oregon physically qualified to undertake such a course of training. Which school will take the lead?

STRIKING AND FUNNY.—During Bishop Kavanaugh's parole, and while in the custody of the military authorities, he passed a Sabbath at San Jose, preaching in the Church South. At the close of the sermon, which was affecting, so much so that the congregation was moved to tears, some one caught the inspiration of song, and, evidently without premeditation, commenced:

Show pity, Lord, oh Lord forgive,
Let a repenting rebel live.

As may be supposed, the effect was most singular. The transition of feeling from the tender and solemn to the airy and ludicrous was instant, and tears and smiles strangely commingled. We did not learn how the Bishop regarded so unexpectedly arraigned at the confessional by his own people. If the Government and the people of the United States can be assured of the repentance of all rebels we will soon have peace and a general jubilation.—*Christian Advocate*.

THEIR TERMS.—The Confederate organs state the following as the terms upon which they will lay down their arms:

1st. The war debt of both parties to be paid by the United States.

2d. The Calhoun doctrine of State rights to be fully recognized in reconstructing the Union.

3d. An amendment to the Constitution which shall render any future interference with slavery impossible.

LEGISLATIVE HALLS.—The halls for the use of both branches of the Legislature are now completed and are [illegible] The [illegible] rooms [illegible] (The rest of this paragraph is illegible.)—*Statesman*.

JAMES DUFFY,
HORSE SHOER—STAR SHOP!

NO. 1 FRONT STREET, PORTLAND.

ONCE upon a time both a Saddler and a Blacksmith were required to work upon a Horse, but now the boots are done away with, and the Saddler is required no more. And not long ago Missourian Shoeing was very prevalent in this city, but now it is done away with, because the best of judges pronounce it to be only fit for Cayuse Ponies, and not for American Horses.

Having had great experience in the line of HORSE SHOEING, gentlemen favoring me with a trial can rely upon having their work executed in the best workmanlike manner, and upon the most reasonable terms.

BOILS.

WE READ THAT ONE OF the sorest afflictions that the patient Job was called upon to bear was that of boils, and they have been found to be, from that time to the present, the most troublesome and painful of sickness. We have known instances where individuals were sure to have these eruptions break out upon them once a month at least. They show an impure state of the blood, and that humor of some kind is lurking there, and the overplus of corruption is actually forced to the surface of the body, making its appearance in the form of Boils. Now is it not best at once to purify the system? Do you ask what will do this? We answer, **Scovill's Blood and Liver Syrup.** It is curing humors in every form, and there is not a State of the Union where it has not accomplished the most astonishing cures. Navigation Improvements Meeting.—Pursuant to adjournment Wednesday night, the citizens reassembled at the Council Chamber last evening, to receive the report of the committee on finance, and for the transaction of other business in connection with the improvement of the channel of the Willamette. Mayor Failing presiding, H. C. Leonard Secretary. The report of the finance committee was received, adopted and committee discharged. The following subscriptions to the fund are additional to what has been already published, and make up an aggregate of about $9,500: A & L M Starr $150; A H Wells, Fargo & Co. $200; A H Johnson, Richard White, $100 each; John B Price, A/C Gibbs, Emil Lowenstein & Co, $50 each; Estes & Stimpson $25; John Walker $25; Sherlock & Bacon, W H Bennett, Henry Ross, H T Pittock, P Raleigh, $20 each; Jos Bergman, Hay & Smith, J B Wallace, F W Quimby, $10 each; Upits, Blair & Co, W Thompson, $5 each.

A committee was appointed, consisting of the following gentlemen, Messrs. A. P. Ankeny, H. C. Leonard and S. N. Smith, who are empowered to expend the fund for the work, make necessary arrangements, call meetings, etc. The lists were then placed in charge of Mayor Failing, who is authorized to give notice soliciting further contributions, or for refunding as the case may be.

The New Criminal Code.—Judge Deady has completed the code of criminal procedure, and the act supplementary to the civil and criminal codes, which is intended for the regulation of proceedings in Justice's Courts, in such matters as the codes do not apply on, or suit those inferior Courts. The code of criminal procedure contains 45 chapters and 730 sections, written upon 250 folios. It includes everything connected with proceedings in criminal cases, and also a complete definition of crimes and their punishments. The act to regulate the special matters in Justices' Courts contains 12 chapters and 130 sections, written on 45 folios. Judge Deady has been faithfully at work upon these laws for the past six months, and we are satisfied has done justice to the trust committed to him by the last Assembly. He goes up to the Capital on Monday next, to lay the report before the Legislative body, and attend upon the session while the matter is being considered. We hope to see this code pass and be bound up in a substantial form, with the code of civil procedure, and well indexed. The old statutes, in relation to crimes and criminal procedure, are behind our growth and condition, besides being out of print, and not handy in the newly settled portions of the State. We admire the economical manner in which those things are planned in Oregon. The cost of the preparation of the code of civil procedure was about $1,200 and suppose this will be paid for at the same rate, which includes everything —the judgment, stationery, clerk hire, or other expenses, etc. In California not one would think of less than $5,000 for such a code, or perhaps $8,000 a year, with as much more for clerks, to do the work.

Hussey's Varieties.—Last evening was the occasion of a benefit for Mrs. Julia Morgan at the Willamette Theatre. Notwithstanding the very unpropitious weather, the attendance was good. This afternoon a performance is advertised for the benefit of ladies and children. This custom prevails to a great extent in other parts of the country, and is quite a popular way of filling the Dress Circle. To-night the company give their last performance, and having pleased our citizens so well during the past week, deserve to be the recipients of a regular "bumper."

Our Public Square.—It has been suggested by one whose home-stretch takes him across the public square, that measures should at once be adopted by the proper authorities to procure full sets of hearse plumes for the several gate-posts. It is all very well to be reminded that one is *going* to the grave, but it is not agreeable to be reminded of a cemetery every time the only free public resort in the city is entered. A friend fresh from battle-fields wants to know if we bury our dead in such extended trenches as are now afflicted by the win-rows across the plaza!

The Stamp on Matches.—Under the new tax law each "block," or box of matches, sold after the 1st inst., must have a stamp in accordance with the number of matches it contains. The Commissioner of Internal Revenue has decided that the stamp duty may be paid by placing the appropriate amount of stamps upon the whole package of boxes, for the reason that every box sold must have the stamp on it when sold. The effect of this has been to increase the retail price of the article of domestic make one cent per box, and foreign importations to 25 cents per dozen.

Grading Fourth Street.—A force of convicts from the Penitentiary have been at work on Fourth street for some days past grading down the embankment to the West of the city plaza. The earth was the property of the County, and is removed for Mr. G. T. Myers, who pays the expenses for the dirt. The provisions of the recent ordinance for the improvement of Fourth street, if properly carried out, will put that avenue in good condition by the first of December.

The Rush.—There has been considerable of a rush for seats in the California Coaches, headed for the Capital during the few last days, and some have engaged seats in advance. The following are passengers this morning: Robert Caldwell, Samuel Rose, D. M. Field, John Robertson, W. Riley, H. Lane, Miss Belshaw, A. M. Ballard, L. Lane, H. G. Stewart, J. Thrimble, J. D. Jordan, W. H. Watkins, H. Smith.

Lecture.—The Rev. Mr. Boyakin will deliver a Lecture for the benefit of the Lady's Sanitary Aid Society, at the Congregational Church in this city, Monday evening Sept. 12th. Mr. B. has just returned from a three years service as Chaplain in the Army of the Cumberland and is thoroughly acquainted with the workings of the Sanitary Commission, as well as with the needs of the soldiers, so that we may look for a Lecture of more than ordinary interest.

Preaching in the German Language.—We are requested to announce that Rev. Mr. Schmidt of the Evangelical Association, who has recently arrived in this city, will preach in the German language at the Court House on Sunday forenoon at 10 o'clock. The German public of all orders are invited to attend, and as this is the first preaching in their language ever introduced in Portland, no doubt the house will be crowded. Mr. Schmidt has visited Salem and other parts of Oregon.

"Humpey's Pace," is the rate of speed at which goods will be disposed of at Richardson's Auction Sale to-day. Among other good things to be sold is the identical Humpey himself—Humpey, the fast and favorite pacer, known and familiar to all our citizens as the "animal" that makes the quickest time of any other horse can up to all the yards. Go to the sale, sure.

Our Carrier.—In order that it may be distinctly understood, we will again state that J. Doherty has no right, title or interest in, and to the carrying of the Morning Oregonian, on Route No. 1, being that portion of the city north of Alder street. The Route is now carried by Mr. G. W. Ballard, who will receive all collections and dues accruing since the 21st ult.

Clackamas Dam Removed.—The P. T. Company's steamer *Rival*, will make an effort to reach Oregon City to-day, the dam at Clackamas Rapids having been sufficiently removed to admit of the passage.

A Word to Little Folks.—There will be a department at the State Sanitary Fair for the donations of children, so those of our little folks wishing to contribute in aid of the wounded soldiers can have an opportunity.

"What's Up Now?"—The Tri-Weekly of the Cascade range is advocating a port of entry for us. This turn is about as sudden as one the editor of that sheet made a year since, when he came out in support of the Administration.

Religious.—At the Congregational Church tomorrow evening services will be held appropriate to the President's Proclamation. Communion exercises at 10 o'clock A. M. Rev. G. H. Atkinson officiating.

Dedication.—The new M. E. church edifice, near Rev. Clinton Kelly's, east of Portland, will be dedicated to-morrow. Rev. H. C. Benson, D. D., is expected to deliver the dedicatory sermon.

Periodical Headache,—so common in uncleared and marshy countries, Tic Doloureux, that most painful affection of the nerves of the face, are often only attacks of ague in *disguise*—proceeding from the same noxious influence. Jaundice, Dyspepsia and Diarrhea, are frequently but disguised forms of Intermittent Fever. Even Rheumatism and Epilepsy, often result from the same miasmal cause. For such, Dr. Osgood's India Cholagogue is an unfailing remedy. By striking at the root of these affections, it applies with equal certainty, as for the cure of Fever and Ague in its simplest forms.

Oregonians should test the merits of Dr. HOSTETTER'S STOMACH BITTERS. While it is highly palatable as a beverage, it is unequaled as an invigorator. In the pursuit of fortune at the mines, many persons are exposed to the attacks of complaints of the digestive organs, and of various kinds of fever. It is the very article that has so long been in demand at the mines. Its daily use will restore the tone of a deranged stomach, impart fresh vitality to the digestive functions, and cheer the spirits. Yet the Bitters is the safest of all stimulants. Let the miner who is exposed to hot and dry, wet and cold, be certain to obtain a supply of the genuine Hostetter Bitter, and he will find it a certain safeguard to health.—Sold by Druggists and dealers generally. jy26daw

HOSTETTER'S
CELEBRATED
STOMACH BITTERS.

THE OPERATION OF THIS PALATABLE REMEDY upon the stomach, liver and excretory organs is singularly soothing and conservative. It regulates, recruits and purifies them. Dyspepsia in all its forms yields to its control and invigorating properties.

Invigorate the System.

Vigorous digestion and pure bile produce pure and nutritious blood, a healthy frame. Does the victim of a dyspeptic stomach and a disordered liver desire to know how the digestion may be improved, the bile and other fluids of the body purified?

Dr. Hostetter's Stomach Bitters

Will accomplish this desirable revolution in the system, regulating the secretions and excretions, giving tone to the animal juices which dissolve the food, strengthen every relaxed nerve, muscle and fibre, and bring the whole machinery of vitality into vigorous and healthful play.

Strengthen the System.

The best means of imparting vigor to the broken-down frame and shattered constitution, which has yet been invented or discovered, is proffered to the feeble of both sexes and all ages in

Dr. Hostetter's Stomach Bitters.

Debility, from whatever cause arising, may be cured; strength, in whatever manner it may have been wasted, may be restored by the use of this powerful and healthy invigorant. For indigestion and all its painful effects, bodily and mental, they are a positive specific.

A word to the Aged.

In the decline of life the loss of vital force consequent upon physical decay can only be safely supplied by some vivifying preparation which recruits the strength and spirits without entailing the exhaustion which is always the final effect of ordinary stimulants. We tender to the aged

Dr. Hostetter's Stomach Bitters,

As an invigorant and restorative, immediate in its beneficial action and permanent in its effects. It tones the stomach, improves the appetite, and acts like a charm upon the spirits.

For Females.

Thousands of ladies resort to it as a remedy for hysteria, fluttering of the heart, nervous headache, vertigo, general debility, and all peculiar disturbances and derangements to which, as a sex, they are subject. It cheers and enlightens the depressed mental powers, as well as strengthens the body, and its use is never followed by any reaction.

THE OLD CHAMPION, BUCHANAN, KNEELS TO THE REBELS—A SATISFACTORY APOLOGY.—The Lockport (N. Y.) *Journal* publishes the following extract from a private letter from Lieutenant Boughton, dated headquarters, 2d division, 6th corps, near Petersburg, Va., June 21, 1864:

"I send with this a true copy of a letter written by James Buchanan to John Tyler, President of the 'Peace Convention,' on the 22d day of February, 1861. The original was taken by Captain W. H. Long, Assistant Adjutant-General, from the house of John Tyler, near Charles City Court House. I had the clerk make a copy myself, and know it to be correct.

"There was another letter, a copy of which I did not obtain, dated the same or the day previous, asking what effect the parade would have on the 'peace convention.' Tyler's reply we did not get, of course. This seems to have been written on account of his (Tyler's) complaining that the effect would be bad.

"It seems impossible to conceive that a President of the United States would so humiliate himself and his country by apologizing to one of his countrymen for allowing one or two companies of regular troops to participate in the celebration of Washington's birthday! It would seem to show conclusively that he was not with, but rather against us in our struggle for life. It would be better for such a man that he had never seen the light of day.

"WASHINGTON, Feb. 22, 1861.

"MY DEAR SIR: I found it impossible to prevent two or three companies of the Federal troops from joining in the procession to-day with the Volunteers of the District, without giving serious offense to the tens of thousands of people who have assembled to witness the parade.

"The day is the anniversary of Washington's birth, a festive occasion throughout the land, and it has been particularly marked by the House of Representatives.

"The troops every where else join such processions in honor of the birth day of the Father of our Country, and it would be hard to assign a good reason why they should be excluded from the privilege in the Capital founded by himself. They are here simply as a *posse comitatus* to aid the civil authorities in case of need. Besides, the programme was published in the National *Intelligencer* of this morning without my personal knowledge—the War Department having considered the celebration of the National Anniversary by the military arm of the Government as a matter of of course.

From your friend, very respectfully,
JAMES BUCHANAN.

"President TYLER."

A JUMPING MATCH.—A young man of our village (he relates the story himself) who fought but did not die, at Antietam and Gettysburg, recently went into the province, on foot, with some articles for sale. One night, just as the sable curtains were being lowered upon him he applied at a very respectable looking house for entertainment. He was very kindly received by a young lady, who happened to be the only one of the family at home, with whom he partook the evening meal, and everything seemed to be going "as merry as a marriage bell." It seems, however, that the young lady began to suspect that in "entertaining a stranger" she had not entertained "an angel." But how to get rid of him was the trouble. At length she asked him if he could jump well, saying that she could jump further than any Yankee living. This was a banter which the hero of a dozen battles was disposed to take, and so they arranged for a trial of leap-frog. The young lady placing herself against the opposite door, at three jumps reached the door. Our Yankee now took his station for the trial. At two bounds he nearly reached the door, when Miss Bluenose, with all the feminine fascination imaginable, said she would open the door for him, so that he might have a chance to see how much he had excelled her, and he took the third leap, which landed him out in the snow. The young lady instantly closed and fastened the door, took hat, mittens, overcoat and valise of merchandise into the chamber, threw them out of the window to him, and told him there was a tavern about seven miles below, where no doubt he could be entertained. He went down the road meditating on the mysterious and wonderful ways of woman.

Few men are oppressed by their weight of character.

Let it never be said that when a man jumps for joy, "his delight knows no bounds."

Do not complain if in attempting to cheat your neighbor, you teach your child to cheat you.

The man who grumbles when asked to pay an honest debt deserves no credit for manly character.

A philosopher, who married a vulgar but amiable girl, used to call his wife "brown sugar," because, he said, she was sweet but unrefined.

An old lady, 78 years of age, living in Schuyler county, Illinois, gave birth to twins—two girls—a short time since. Mother and daughters doing well.

Jones complained of a bad smell about the post office, and asked Brown what it could be. Brown said he didn't know, but suggested that it might be caused by "the dead letters."

A flag was stolen from a recruiting office in Providence a few days since, and was afterwards found made up into a skirt by an Irish girl. She meant to have a patriotic balmoral.

An affidavit taken at Cairo declares that a quartermaster belonging to the Thirteenth Tennessee cavalry was, while living, nailed to a board by the rebels and thrown into the flames of a burning building at Fort Pillow.

A soldier in one of the late battles, sitting very coolly behind one of his guns, where the shot was falling fast, being asked by the chaplain whether he was supported by Divine Providence, replied, "No, sir; I am supported by the Ninth New Jersey."

The following stanza, on the marriage of Reuben Wise with Matilda Chevis, is exceedingly well told and witty:

At length she seized the proffer'd prize,
(Oh happy one, believe us!)
For matrimony made her Wise—
Before she was Miss Chevis.

NATIONAL CHARACTERISTICS.—In new colonies, the Spaniards begin by building a church, the French a ball room, the English a tavern.—*Chateaubriand.*

FINANCIAL AND COMMERCIAL.

PORTLAND, Friday September 9th, 1864.

We have very little of general interest to remark. Few transactions have been consummated in general produce. The market has been very quiet for the week—little more than 25 tons daily of country produce is now received, through the various channels of trade. The principal commodity is apples, which command from $1 75 to $2 25 per box. The apple crop outside of this county is reported very small this season, smaller than any previous year, taking into account the age of the orchards. Apples in Lane county, for packing east of the mountains are selling at $1 per bushel.

City trade has been active and the shipments to the interior considerable for the week.

There is a larger amount of treasure available for shipment than usual, which will be forwarded by the steamship on Monday.

PERUVIAN SYRUP,

OR PROTECTED

Solution of Protoxide of Iron,

Has been used with Great Success in Curing

DYSPEPSIA,

Affections of the Liver, Dropsy, Neuralgia, Bronchitis and Consumptive Tendencies, Disordered State of the Blood, Female Complaints, Chronic Diarrhœa, Boils, Scurvy, the prostrating effects of Lead or Mercury,

GENERAL DEBILITY,

and all Diseases which require a

Tonic and Alterative Medicine.

THE PROOFS OF ITS EFFICACY are so numerous, so well authenticated, and of such peculiar character, that sufferers cannot reasonably hesitate to receive the proffered aid.

The class of diseases for which the Syrup provides a cure, is precisely that which has so often baffled the highest order of medical skill. The facts are tangible, the witnesses accessible, and the safety and efficacy of the Syrup incontrovertible.

From well-known Citizens of Boston.

The undersigned having experienced the beneficial effects of the "Peruvian Syrup," do not hesitate to recommend it to the attention of the public.

Certificate of Dr. Hayes.

It is well known that the medicinal effect of Protoxide of Iron is lost by even a very brief exposure to air, and that to maintain a solution of Protoxide of Iron, without further oxidation, has been deemed impossible.

In the Peruvian Syrup, this desirable point is attained by COMBINATION IN A WAY BEFORE UNKNOWN; and this solution may replace all the proto-carbonates, citrates and tartrates of the Materia Medica. A. A. HAYES, M. D.,

IODINE WATER.

IODINE WATER IS THE MOST IMPORTANT DIScovery of modern chemistry, and it is impossible to over-estimate its influence as a remedial agent. Iodine has been considered the most useful article in Materia Medica, and many of the most scientific and practical chemists and physicians have investigated its effects upon the human system. It is to act upon the

HEART,
LIVER, KIDNEYS,
DIGESTIVE ORGANS AND GLANDULAR SYSTEM,

and to have great control over

SCROFULOUS AFFECTIONS.

Notwithstanding the zeal and ability which have been devoted to its investigation, it remained almost useless, until Dr Henry Anders, a physician and chemist of New York, after years of patient labor and experiment discovered a chemical process which enabled him to dissolve

PURE IODINE IN PURE WATER,

without a solvent. This, considered impossible by the scientific world, is attested by certificates of analysis from Dr. J. R. Chilton of this city, and Prof. Booth, U. S. Mint, Philadelphia. The importance of this discovery was so highly appreciated by the Faculty that it was published in the Medical Journals, and its use recommended to practitioners (see "American Medical Monthly," July 1 1860, page 56.)

This valuable medicine is now available to the public for the cure of Scrofula in all its manifold forms, Consumption, Cancer, Heart, Liver and Kidney Diseases, Rheumatism, Neuralgia, Nervous Affections, Dyspepsia, Bronchitis, etc.

AS A TONIC

Its operation is evinced by strengthening the digestive organs and increased nutrition of the body is the result of the employment of Iodine. The patient recovers flesh, strength and color; hitherto pale, relaxed and feeble, he becomes full, strong and florid.

Full directions accompany each bottle.

From the army hospital—the bloody battle field—the mansion of the rich and humble abode of the poor—from the office and the sacred desk—from the mountain tops, distant valleys and far-off islands of the ocean—from every nook and corner of the civilized world—is pouring in the evidences of the astonishing effects of DRAKE'S PLANTATION BITTERS. Thousands upon thousands of letters like the following may be seen at our office.

REEDSBURY, Wis. Sept. 15, 1864.

* * * I have been in the army hospitals for fourteen months—speechless and nearly dead. At Alton, Ill., they gave me a bottle of Plantation Bitters. * * * Three bottles restored my speech and cured me.

C. A. FLAUTE."

SOUTH WARSAW, O., July 28, 1863.

* * * One young man, who had been sick and not out of the house for two years with Scrofula and Erysipelas, after paying the doctors over $150 without benefit, has been cured by ten bottles of your Bitters.

EDWARD WOUNALL.

The following is from the manager of the Union Home School for the Children of Volunteers:

HAVEMEYER MANSION, FIFTY-SEVENTH STREET,
NEW YORK, August 2, 1863.

DR. DRAKE: Your wonderful Plantation Bitters have been given to some of our little children suffering from weakness and weak lungs with most happy effect. One little girl, in particular, with pains in her head, loss of appetite, and daily wasting consumption, on whom all medical skill had been exhausted, has been entirely restored. We commenced with but a teaspoonful of Bitters a day. Her appetite and strength rapidly increased, and she is now well. Respectfully, MRS. O. M. DEVOE."

* * * I owe much to you, for I verily believe the Plantation Bitters have saved my life.

REV. W. H. WAGGONER, Madrid, N. Y."

* * * Thou wilt send me two bottles more of thy Plantation Bitters. My wife has been greatly benefited by their use.

Thy friend, ASA CURRIN, Philadelphia, Pa."

* * * I have been a great sufferer from dyspepsia, and had to abandon preaching. * * * The Plantation Bitters have cured me.

REV. J. S. CATHORN, Rochester, N. Y."

* * * Send us twenty-four dozen more of your Plantation Bitters, the popularity of which are daily increasing with the guests of our house.

SYKES, CHADWICK & CO.,
Proprietors Willard's Hotel, Washington, D. C.

* * * I have given the Plantation Bitters to hundreds of our disabled soldiers with the most astonishing effect. G. W. ANDREWS,
Superintendent Soldiers' Home, Cincinnati, O.

* * * The Plantation Bitters have cured me of liver complaint, of which I was laid up prostrate and had to abandon my business. H. B. KINGSLEY, Cleveland, O."

* * * The Plantation Bitters have cured me of a derangement of the kidneys and urinary organs that has distressed me for years. It acts like a charm.

C. C. MOORE, 254 Broadway, N. Y."

etc., etc., etc., etc., etc.

The Plantation Bitters make the weak strong, the languid brilliant, and are exhausted nature's great restorer. They are composed of the celebrated Calisaya Bark, Wintergreen, Sassafras, Roots, Herbs, &c., all preserved in perfectly pure St. Croix Rum.

S. T.—1860.—X.

Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation, &c., deserve to suffer if they will not try them.

They are recommended by the highest medical authorities, and are warranted to produce an *immediate* beneficial effect. They are exceedingly agreeable, perfectly pure and harmless.

NOTICE.—Any person pretending to sell Plantation Bitters in bulk or by the gallon is a swindler and impostor. It is put up only in our patent log cabin bottle. Beware of bottles refilled with imitation deleterious stuff for which several persons are already in prison. See that every bottle has our private United States Stamp over the cork unmutilated, and signature on steel plate side label.

Sold by respectable dealers throughout the habitable globe.
